

FREE SENIOR PLAYER DEVELOPMENT SESSIONS

Cornwall Rugby Football Union are working hard to respond to the needs of its clubs & members and to that end earlier this year an online survey was sent out to all players in Cornwall asking them to identify certain areas that they would like to see improved. Highlighted in this survey by the players was the need for continued Player Training Development opportunities (as currently exists at the youth level). To respond to this request, the Player Development committees have combined to use their resources to offer all SENIOR players (both male & female) in the County, three specialist training days. These days will be to enable players to enhance their own skills sets for personal development which in turn will enhance their playing experience back at their club.

These sessions will be FREE to attend, however you will need to notify Maggie Notman (Chair, Player Development Committee, Senior) of your attendance so that we can arrange for the correct number of coaches and for sandwiches afterwards.

Email: chygeo@btopenworld.com stating your name, club and current playing position.

Any queries, contact Maggie Notman on 07967 684443

Sunday 13th December
10am – 1pm
